

ELEMENTARY EDUDESIGN LAB FELLOWSHIP: 2020-21

CULTURALLY RESPONSIVE MATHEMATICS & STUDENT DISCOURSE

The EduDesign Fellowship centers the knowledge and expertise of educators to design year-round learning experiences together. We value learning alongside children and connecting with research and community resources. The summer institute will kick off our 2020-21 focus. This project is led by teachers, for teachers, and is supported by UW College of Education INSPIRE Center and Teacher Education Programs.
